9 ALIGNMENT GAUGE

FASTEST + EASIEST
TO USE BEDKNIFE GRINDERS IN THE WORLD

LEARN MORE: FOLEYCO.COM

▶ 672/673 GRINDERS BOTH OFFER ::

AN INNOVATIVE BEDKNIFE MOUNTING SYSTEM
THAT USES POWERFUL ELECTROMAGNETS TO HOLD THE BED BAR IN PLACE MAKING SET-UP SIMPLE AND FAST. YOU CAN GRIND ANY BED BAR ARRANGEMENT WITHOUT ADDITIONAL TOOLING.

FAST ANGLE SET-UP
THAT PROVIDES REPEATABILITY WITHOUT RECALIBRATION. CHANGING FROM GRINDING THE FRONT FACE TO THE TOP FACE IS AS SIMPLE AS PUSHING A BUTTON AND WATCHING AS THE POWERED TOOL BAR ROTATES INTO POSITION

OPERATOR PROTECTION
PROVIDED BY A STURDY METAL HOOD WITH A CLEAR POLYCARBONATE WINDOW THAT RETAINS THE COOLANT MIST AND SHIELDS THE OPERATOR. THE INTERLOCKING SWITCH PREVENTS OPERATION WITHOUT THE HOOD BEING TOTALLY CLOSED. THE SUPPLEMENTAL POWER SUPPLY PROTECTS THE OPERATOR IN THE EVENT OF A POWER OUTAGE, MAINTAINING POWER TO THE ELECTROMAGNETS AND HOLDING THE BED BAR FIRMLY IN PLACE.

EASY-TO-USE CONTROLS
THE 672 USES A PRECISION HAND WHEEL TO IN-FEED THE GRINDING HEAD WHILE IT AUTOMATICALLY TRAVERSES. THE 673 AUTOMATES THE PROCESS BY USING ONE OF THE PRE-SET PROGRAMS TO AUTOMATICALLY IN-FEED THE GRINDING HEAD, AND STOP THE GRINDING PROCESS WHEN COMPLETED.
