

**TORO**

# Pro Stripe® 560

## Striping Mower

## PICK THE RIGHT PLAYER

Designed to provide a precise cut and clean striped finish, the Toro ProStripe® leaves your turf looking at its best. This compact and manoeuvrable mower features a two-piece ribbed roller design to leave a crisp stripe.

## MATCHCUT™ TECHNOLOGY ENABLES PRECISION SETTING OF THE HEIGHT OF CUT

to make post-game cleanup a breeze. Grass is lifted, cut, and cleanly collected as a result of improved airflow created by a unique blade, grass bag and deck design. And the large, 80 litre high capacity grass bag reduces downtime emptying the bag.

## OPERATOR COMFORT AND PRODUCTIVITY COME TOGETHER

with the ergonomic handlebar and Blade Brake Clutch transmission system that make the mower both comfortable and easy to use. Built for tough commercial conditions, the cast aluminium deck and Kawasaki engine provide peace of mind. Sports fields and fine turf applications even residential gardens – are no match for this high quality, versatile machine.

## FEATURES

### Precision

Achieve that perfect cut and striped finish with the airflow fins, two-piece ribbed roller, and MatchCut™ technology. Grass is raised by the front fins for a clean cut while the rear roller forms perfect stripes and improves traction and manoeuvrability, without marking the turf. MatchCut provides multiple height of cut settings, allowing quick and easy fine tuning of the height of cut.

### Durability

Heavy duty cast aluminium deck and reinforced handlebar make the ProStripe tough, without weighing it down. Built to withstand the pressure of professional applications, the wheels are also rounded to minimise turf marking and improve aftercut appearance.

### Productivity

Reduce downtime and restarts with the 80 litre high capacity grassbag and Blade Brake Clutch transmission system. Optimised for airflow, the bag has an integrated 'sail' liner that ensures collection and directs dust away from the operator.

Empty the grassbag or move from site to site without shutting down the engine with the intuitive Blade Brake Clutch system.

Adjust the transmission to suit the weather and turf conditions with the 3-speed transmission.

With speeds ranging from 3.1 to 5.2 km/hr the ProStripe 560 is the fastest in its class\*.

### Reliability

Commercial-grade Kawasaki FJ180V KAI 4-cycle engine features a dual element cylindrical air-cleaner, cast iron cylinder liner, heavy duty recoil, and uprated top crank-bearing.

\* Based on average speed, measured on concrete.

PROSTRIPE 560, MODEL 02657	
CUTTING WIDTH	56 cm (22 in)
ENGINE	Kawasaki® FJ180V KAI OHV 4-cycle, 179cc
STARTER	Recoil, ZS
DRIVE SYSTEM	3-Speed Self Propelled
DECK	Corrosion resistant aluminium
HOC	13-position, 13-60mm 3.25mm increments
SPEED	3.1, 4.0, 5.2 km/hr
FUEL/CAPACITY	Petrol / 1.7 litres
WEIGHT	66 kg
REAR ROLLER	Steel, Two Piece. Ribbed for superior traction and perfect striping
DRIVE TYRES	22.9 cm smooth shoulder tyre
DECK CONSTRUCTION	Die-Cast Aluminium Deck
BLADE	3.2 mm thick swaged steel blade
BLADE ENGAGEMENT	Blade Brake Clutch (BBC)
LUBRICATION	Forced lubrication w/oil pump
AIR FILTER	Dual Element
BAG CAPACITY	Dual Element
WARRANTY	Two-year limited warranty. Refer to Operator's Manual for further details.

**TWO PIECE ROLLER**

Two-piece roller significantly improves manoeuvrability and minimises turf marking when compared to single-piece roller designs. The ribbed tread provides superior traction.

**MATCHCUT™**

Fine tune the cutting height with MatchCut™. Providing half-increment (3.25mm) settings, MatchCut proves ideal for use on fine turf applications or when using multiple machines on a large area when accurate, uniform height setting is crucial

**GROOMER BRUSH KIT**

Promote healthier turf and a finer cut by reducing lateral blade growth and removing surface debris. Adjustable for rake and height to allow precision setting.

(Optional Accessory. Part number 134-3722)
