

TORO®

TransPro® 648

ProCore® 648s and 648 trailer

THE NEXT ADDITION TO TORO'S LEGENDARY PROCORE LINE OF PRODUCTS IS HERE.

The Toro TransPro 648 allows for the secure and efficient transport of the Toro ProCore 648s and 648 models around your property. Unique design elements allow for quick loading and unloading and easy securing and release of the aerator. The front latch secures both ProCore models to the trailer with no need for additional securing straps. Raised rigid edges keep the front wheel aligned and the rear wheels in the intended position. Large flotation tyres minimise ground pressure and absorb small bumps for a smooth ride.

FEATURES

- Allows efficient transport of the Toro ProCore 648s and 648
- Extendable trailer tongue to reach under tow vehicle cargo bed, yet minimises footprint for storage
- Quick and easy securing and release of the aerator – no need for tie-down straps
- Raised trailer edges to align front wheel during loading/unloading and prevent rear tyre rub during transport
- Easily secure ramp in raised position for empty transport
- Roller tongue jack for easy connection to tow vehicle and repositioning during storage
- High-strength ramp for durability that automatically raises during loading
- ProCore 648 tie-down adaptor plate to eliminate latch repositioning when using both ProCore 648 and 648s

Easily transports ProCore 648s and ProCore 648 to and from the work area.

	TRANSPRO 648, MODEL 09964
LOAD CAPACITY	839 kg
